

Order Re: Motion to Augment Record

Stockton East Water District has filed a motion to augment the record in this proceeding, which motion has been scheduled for oral argument at 9:00 a.m. on Monday, July 29, 2002. Since oral arguments on substantive matters in this proceeding are already scheduled for Monday, August 5, 2002, and the proposed documents relate to issues to be addressed later in the fall, it is more convenient for the Court to address the motion to augment on August 5th.

Accordingly, it is ORDERED that the oral arguments on Stockton East Water District's motion to augment are continued until 9:00 a.m., Monday, August 5, 2002, in Department 27.
