## e-Filing Document Names - Civil and Mental Health

This list contains all documents available to e-file through a certified e-Filing Service Provided (EFSP) by case type. The Additional Information column indicates if a document is a lead document. It is important to note which documents are lead documents because you may only file one lead document per e-Filing transaction.

Tip: To quickly locate the correct document, press the Ctrl key and the F key on your keyboard to bring up a search box. Type in a keyword to find relevant document names. You may use a generic "name extension" document if you are unable to find a match.
