Re: Sacramento County Grand Jury Report: Levee Maintenance – Is Anybody Watching the Store?

Dear Judge De Alba:

Pursuant to Penal Code sections 933 and 933.05, the following specific responses are submitted to you regarding the 2018-2019 Grand Jury's Findings and Recommendations on *Levee Maintenance – Is Anybody Watching the Store?*

Finding 1: There is a well-defined set of checks and balances within the hierarchy of Federal, State and local agencies to assure that the levees in the region will provide their expected level of protection during high water events.

Response to Finding 1: The City of Sacramento agrees with this finding.

Finding 2: LMAs act timely and responsibly to coordinate maintenance within the hierarchy of authority and assure proactive preventative measures are in place until deficiencies can be corrected through permanent measures, such as the Urban Level of Floor Protection plans.

Response to Finding 2: The City of Sacramento agrees with this finding.

Thank you for the opportunity to provide these responses to the grand jury report.

Sincerely,

Howard Chan
