The Superior Court of California, County of Sacramento has instituted a program to help demystify the role of judges and the judicial process.

It is the intent of the Judicial Community Outreach Program to enhance communication between the court and the Sacramento community.

Superior Court of California County of Sacramento

The Superior Court of California, County of Sacramento administers the Judicial Community Outreach Program to develop and enhance court and community collaboration by making judicial officers available to attend or speak at various events and functions.

The judicial branch of government plays a crucial role in our society through the administration of justice.

Sacramento Superior Court's Judicial Officers can provide insight into how the justice system functions and how conflicts are resolved.

The court welcomes the opportunity to speak at your organization's events about the role of the court in our community and other related topics.

Judicial officers cannot comment on specific cases or offer legal advice.

What Issues Concern You and Your Organization?

If you are a teacher and would like someone to talk about the court system and related legal topics, please call to request a judge to come to speak with your students.
